Date FOI Received: **02/01/19**  
Department: **Planning**  
Title: **Land designated for commercial development**  
Description: **Request for mapping files for land designated for commercial development to consider electrical network connections.**

**Request:** *(As Redacted sent by requestor)*

I am writing on behalf of <REDACTED> who are currently involved with an infrastructure project within the Hertsmere Council district.

We are working in the energy sector and are currently involved with an electricity supply to land match coordination scheme. The aim of the project is identify locations for potential development while taking into account the availability of the electrical network connection. Our client is looking to invest significant amounts of money into the local economy if we can find the right facilities and locations for their needs. In order to progress we require data that identifies land that is designated for commercial development. Would it be possible to supply this data to us in shapefile format?
